

# Grandmother Moon Lodge

## Annual Aboriginal Women's Gathering

June 27, 28, 29<sup>th</sup> 2008

"Grandmother Moon spoke to her daughter, the Earth Mother. She said: Oh my daughter, do not grieve for that which cannot be changed. There is much Love and Compassion inside of you that can be used to heal the broken hearts of all the Children of Sorrow." Now the black smoke of destruction and despair of the Earth Mother and her people is lifting and the healing fire of the seventh world of transformation will guide us back to Balance and Harmony.

The prophecy amongst many of our Ancient tribes on Turtle Island said "There will come a time when our "Grandmother Councils" will be needed to bring the Balance and Teachings back to the People. We are living in this time now."

To celebrate the 13 YEARS women have gathered here at Grandmother Moon Lodge, we have brought together 13 GRANDMOTHERS to lead us on this healing journey through their teachings and stories from their own life's experiences. Our families and communities are waiting for us to carry the wisdom of these grandmothers home. Our children need us. From our belly, to our breast, to our arms, to our eyes; they need our guidance and strength to give them their rootedness in the Earth Mother and Creator until they feel and believe it for themselves.

For 3 days we will be together living on the Land, gathering into circles to be guided by our Grandmothers' stories during the day. In the evenings we will participate in Ceremonies and sit around the Sacred Fire, drumming and singing long into the night. Each of us can with the support of our sisters, leave our grief in the Fire of Transformation. Aho!

The Fee for the weekend includes all meals, teachings and workshops and a chunk of land for your tent to call home. Organization and Group Rates are; \$175 per women with a minimum of eight participants. Individual rates are; \$200 per woman. When we receive your registration forms and fees, we will send an information package to you two weeks prior to the gathering. Deadline for registration is June 16/2008. If torrential rains cleanse us before the weekend of the gathering, the rain date is July 4,5,6/2008.
